PARENTS

Parents can help reduce injury by:

- Demonstrate safe behaviors. Always wear a helmet when bicycling, buckle your seatbelt, and never text (or other ways of using your phone) and drive.
- Install hands-free capabilities in the car your child uses and help them pair their phone.
- Enforce Graduated License Laws for children with learner's permits or new licenses.

Parents who own guns can reduce violence and injury by:

- Locking up all unloaded guns and storing ammunition in a separate, secure place.
- Investing in trigger locks.
- Removing firearms from the home if your child displays any suicidal tendencies or depression.

YOUTH

- Never drink and drive.
- Never ride with someone who has been drinking or using marijuana.
- Always wear a seatbelt on every trip, no matter how short.
- Obey speed limits.
- Know and follow the "Graduated Driving License" laws.
- Put your phone away when driving—in the backseat, in a purse/back pack, etc.

SCHOOLS AND COMMUNITY GROUPS

Community leaders and government officials can work with schools to create a prevention plan.
