2015	7252	9123	79.5	(77.7, 81.3)	67601	84051	80.4

95% Confidence Interval: A confidence interval is a range of values that has a specified probability of containing the rate. Narrow confidence intervals indicate that rate is precisely estimated, while wider confidence intervals indicate that the estimated rate is less precisely estimated.

Women who had missing data were omitted from the total number of births.
