

Pantry Guidelines

Follow these guidelines when selecting food to leave for others at Little Food Pantries:

1. Food should be in clean, fully intact, original commercial packaging.
2. No home-prepared foods or home canned products.
3. No foods that require temperature control for safety or preservation.

Remember:

- Make sure your donation is left inside of the pantry and not on the ground or outside where it can become dirty or attract animals or pests.
- Do not donate any food you wouldn't feel comfortable eating yourself or feeding to your family.
- Do not leave garbage or boxes behind when you make or take your donation and help keep the area clean.
