

Stand-Up Diapering

Procedure:

1. **Gather necessary supplies**
diaper/pull-up/underpants, wipes, cleaner, disinfectant, paper towels, gloves, plastic bag
 2. **Put on disposable gloves, if desired**
 3. **Coach child in pulling down pants and removing diaper/pull-up/underpants and assist as needed**
 4. **Put soiled diaper/pull-up/underpants in plastic bag**
 5. **Coach child in cleaning diaper area front to back using a clean, damp wipe for each stroke and assist as needed**
 6. **Put soiled wipes in plastic bag or assist child**
 7. **Close and dispose of plastic bag into hands-free covered trash can lined with a plastic garbage bag or send home**
 8. **Remove gloves, if worn, and discard**
 9. **Wash hands and coach child in doing the same**
 11. **If a signed medication authorization indicates, apply ointment using disposable gloves then remove gloves**
 11. **Coach child in putting on clean diaper/pull-up/underpants and clothing and washing hands in bathroom/handwashing sink**
 12. **Put any bag of soiled clothing or underpants into child's cubby**
 13. **Any contaminated equipment will be cleaned and disinfected**
 14. **Wash hands in bathroom/handwashing sink**
- **Stand-up diapering must be done in the bathroom or diaper changing area** (WAC 110-300-0220-6)
 - **Children are not left unattended during the diaper changing procedure.** (WAC 110-300-0221-1b)
 - **Nothing but the child, and diaper supplies are in the bathroom.** (WAC 110-300-0221-1a-v)
 - **Each diaper change should be recorded on a diapering log.**
 - **Remove diapers from facility at least daily and more often if odors are present.** (WAC 110-300-0241-9)
 - **Reusable diapers and soiled clothing are not rinsed or dumped. They are put in a leak-proof bag and are returned to the parent or guardian daily.** (WAC 110-300-0221-2b-ii)
